

AlphaPlus Safes – for increased security of cash and valuables within home or office environments.

AlphaPlus

BURGLARY-RESISTANT PROTECTION

AlphaPlus Safes have a double steel wall construction with the void between filled with a fire retardant mineral wool. As with all Chubb safes, AlphaPlus safes are designed to be securely base- or rear-anchored using the fixing kit supplied, preventing unauthorised removal.

Key Features

- Laser cut door of 6mm plate steel
- Body construction made of a 3mm steel outer body and a 2mm inner steel body
- Overall wall thickness of 40mm filled with mineral wool
- AlphaPlus comes with two lock options:
 - Double bitted 8-lever key lock
 - Chubb safes own programmable electronic lock
- An anchoring kit is supplied so the safe can be securely base- or rear-fixed, preventing unauthorised removal once installed
- 25mm diameter steel locking bolts
